EUPHRANODON

At a joint assembly last Saturday night it was decided to elect a new Gamecock editorial staff three times a year, instead of only twice a year as heretofore. The time for this election was fixed for the week intervening between the regular elections of the two societies. As this time had just passed, it was decided to elect a new staff three times a year, instead of twice a year, as the constitution read. Mr. S. B. Rich, '09, Euphranodon, was elected editor-in-chief.

CLARIOSOPHIC

With this issue of The Gamecock we pass the Clariosophic department into other hands, and we sincerely hope that the editor-elect will have less trouble engendering something for his department. He has our sincerest sympathy in his long and tedious task.

At a joint meeting of the Euphran- don and Clariosophic societies, in the Clariosophic hall, the constitution of The Gamecock was changed, and now the Gamecock will be elected twice instead of twice a year, as the constitution read. Mr. S. B. Rich, '09, Euphranodon, was elected editor-in-chief.

Geography

"How far is it around the world?"

In girlish innocence asked she.

"Ah, I will measure it," he said,

"If you'll permit me to see and,"

Then when his strong right arm be placed

About, resist so small and trim

He found it wasn't very far,

For she was all the world to him.

Lost and Found

She lost her head when he proposed,

But he, a tripe bachelor,

Made search for it disgracefully,

And found it on his shoulder.
