The Gamecock

The Y. M. C. A.

Again we have failed to get the appropriation for our Secretary. It is hard to make the General Assembly see our need in this particular instance. The other appropriations have been most gratifying, but they have left us asking for more. Doubtless if we stand on our own feet, we have provided for our sorest physical needs, but have taken no thought for our spiritual life. It is up to us to help ourselves, now that we know that for at least one year we shall have to do without the Secretary. But we shall get him in the end if we persevere. Perhaps we have not done quite our best anyway. Let us at least remember this, that even if we had a Secretary and did no work ourselves, our Y. M. C. A. work would yet fail in spite of all he could do.

Bible Study Club

The most important feature of our work is the Bible Study Classes. There are three of these. Prof. Bradley has charge of the class studying the "Teachings of Christ and His Apostles," and Prof. Gee of the class in the "Life of Christ." The third class in "Old Testament Characters" is led by various ones of its members. See M. M. Rector if you wish to join this class. This Bible Study work had to be suspended during the weeks of our mid-year examinations, but now that these are over all old members of these classes are urged to return to the work, and it is hoped that many new men may join them. These classes meet every Sunday afternoon at 4 o'clock in DeSaussure College.

Last Sabbath and Next

Dr. Twitchell gave us last Sunday afternoon the third lecture of the series on "Science and Religion." His subject this time was "The Story of the Creation as Told by the Bible and by Science." It was most thoughtful. Not a word was said of the evils one of these lectures. They come the third Sunday in each month.

Rev. A. N. Brumson, of Main Street Methodist Church, will address us next Sabbath at 4:30 P.M. All members who have not paid their dues are urged to do so at once, as there are some debts due now.

About The Publications

Don't subscribe. Borrow your classmate's paper. Just be a sponge. Look up the valuable advice and trade with the other fellow—he be a chump. Never hand in news items, but criticize everything in the paper—he be a knocker.

If you can't hustle and make the paper a success—he be a corpse.

Dr. E. L. Green delivered an illustrated lecture in Statesburg Wednesday night. The lecture was largely attended.

Remember the basketball game next Thursday, 4:30 P.M.

Desired Muchly.

A pony to logie. The Junior class will gladly pay any price.

Remember the basketball game next Thursday, 4:30 P.M.

Carolina's Baseball Prospects Rosy.

(Continued from page one)

rell Jones pitched good ball for Carolina in 1907. He had great speed then and since developed all around. He is a good hitter. Denotifications for the Davidson scuffles in 1907. He has good control and knows the Harper has excellent control. He pitched two very close games for Seneca against Clemson last year.

Herbert, Iztar, Simpson and Simkins are trying out for rank number ones. Herbert played for Bingham High School in '06 and '07. He handles his mit well and is a hard worker. Iztar has held down first base for Orangeburg. He is a very heavy hitter and leader. Simpson, although his first base before, is an old base ballman. Simkins has a good reputation in Edgefield, his home, as a fast first baseman.

For the second sack, there are Gibson and Trippett. Gibson played scrub ball last year. He is a hard worker and a good base runner. His hitting is nothing of which to be proud. Trippett was second base last year. He is a pretty fielder and led the team last season, making only one error the whole season. He needs practice in hitting.

McMillan and Carroll are out for shortstop. McMillan knows the game and handles himself well. His throwing to first is superb. He is one of the best amateurs in middle South Carolina. Carroll is a very fast man. He played third base for Wofford in 1906. He thoroughly understands the game.

For the third sack, there are Perrin and Gresham. Perrin led the team in batting last year and is expected to keep up his reputation this season. Gresham hails from the up-country and has an enviable record as an all-round baseball man. He is an excellent catcher and infielder. He knows the game from A to Z.

Among the would-be fielders are Hamlin of Perman, who has a fine vision; Kughl, who played good class ball, and Rembert, Carolina's old faithful for the last two years. Rembert is a good hitter, but he might improve his base running. A few of the other men out for the field are: Hughes, Bradley, Metz, Waring, Lipscomb, Hiers, and Bruce.

Harvard's President

Carolina's Guest

(Continued from page one)

part of the country, and to meet, wherever possible, the men who have the cause of the South most at heart.

Dr. Elliot left Cambridge on the eighth of February, and returns April third. He is going in the meeting of Southern States from Kentucky and Tennessee to Virginia. He comes to Columbia from Charleston on the eighteenth and leaves the next morning for Spartanburg and Mills, visiting no other places in this State. It is needless to say that the Hall of the House will be packed by students and the public generally to hear him.

In addition to the presence of the distinguished educator, our Dr. S. C. Mitchell, now delivering a series of lectures at Brown University, will be with us for a few days, and President David R. Coker, of Hartsville, has been invited for a meeting of the alumni of the University at the same time. The faculties of all the other institutions of higher learning in the State have also been invited to meet with us on the 10th of March, in order to promote and strengthen the friendly relations between Carolina and her sister colleges. President Coker urges the attendance of each and every alumnus in order; to meet Dr. Mitchell and to learn of the plans now maturing for the enlargement of the University in the coming year.

Dr. Elliot will thus address not only the students of the University and their friends, but, it is hoped, a large number of our alumni and a gathering of the leading educators of the State. It is for such meetings as this that Dr. Elliot's trip is made, and the University is co-operating with him in his endeavours to meet the leaders in educational lines in this State.

There are several Harvard students in the city, among them Dr. George A. Wunchope of our faculty, who are looking forward with much pleasure to the visit of Dr. Elliot, and dolesse his friends and admirers will be much more numerous after the 19th of next March.

ATHLETIC NOTES

Mac has been over at Summerland and laying out a golf course. As soon as the new links are in shape, he has been asked to bring over a team of twelve men some Saturday afternoon to play the 11 team.

A handball handicap tournament will be arranged soon. Handball is the rage just now and both the courts are kept busy every afternoon.

A golf handicap match among the University players will take place in the near future. The winner of the match will be awarded a handsome prize.

A tennis match with the Ridgewood players is to come off soon. The University has many star tennis players.

The annual cross-country race for the Sylvan cup will be over a five-mile course this year, instead of the changeable mile, or heretofore. There will be many entries.

M. Mac is still kicking about the miserable dressing room arrangement in the gymnasium and he means to keep it at until something happens.

Remember the basketball game next Thursday, 4:30 P.M.

M. H. R. Scott, '07, was on the campus Saturday.

M. Mr. Hamilton, Law '07, was in the city on business last week.

M. George Spinkman has returned to the University, after recovering from a severe attack of typhoid fever.

Clariosophic Society

At the regular hour last Saturday night the Clariosophic Society took up its regular work after a suspension for examinations. Mr. J. O. Allen delivered the gavel to Mr. T. C. Callison. The society had a joint meeting, at which A. D. Oliphant was elected presiding officer of the State Oratorical Contest.

On account of the long joint session, the Clariosophic Society postponed the literary exercises of the evening until next Saturday night. Mr. J. C. Massey resigned as assistant marshal for the State, and Mr. Cordei Page was elected in his place. Mr. L. Marion was elected senior orator from the society for Commencement exercises. S. J. Edwards was elected Junior orator.

The query for next Saturday night is: "Resolved, That the school system in South Carolina is in need of radical reform." A warren discussion may be looked for.

Full many a youth of highest hopes and honor.

The dark uncomely walls of college bear;

Full many a youth who makes the men

Total and drilled and "tasted" there.

Mr. Thomas Peoples, Law 1907, was visiting on the campus last week. Mr. Peoples is a member of the Barnwell bar.

EUPHRASIAN SOCIETY

The Euphrasian Society met last Saturday night after a recess of five weeks on account of examinations. The members will glad to gather again and be at their distes once more. Messrs. Cowar, Lipscomb, Norwood and Mullins were admitted.

The following newly elected officers were inaugurated:

President, Bernard Manning; vice-president, W. H. James; literary critic, J. H. Brown; secretary, R. E. Seibels; censor, J. O. Sheppard; orderly critic, J. H. Pender; editor, J. G. Cain; librarian, J. E. Sinkins; recordor, P. Y. Wright; custos forum, B. J. White.

At a meeting of the joint assembly Mr. A. D. Oliphant, "to Euphrasian, was elected presiding officer for the preliminary for the State Oratorical Contest, and Mr. H. L. Forbes, '09, Clariosophic, was chosen chief marshal.

The programme for February 27 follows:

Readers—Messrs. J. B. Heyward, P. Y. Wright, Mitchell.

Declaimers—Messrs. Sharpton, Sinkins, Carothers.

Query: "Resolved, That the United Secret Service should be abolished."

Prof. E. S. Joyce is now making a tour of the State and Coba for the benefit of his health. He is present at White Springs, Fla., and reports that he is being much benefited by the trip. He recently delivered an address before the White Springs school on General Lee.
