GROUP FORMED

Enrollment in Progress for the Week Past—The Leaders.

DR. CHAMBERLAYNE TO LEAD NEGRO LIFE CLASS

"Challenge of the City" Course Also Offered—Students May Yet Join One of the Groups.

During the past week the enrollment of Bible students for the various courses offered by the Association has been in progress. By the end of the week all the groups will have been organized, and at present the prospects for a large enrollment are quite bright. The names of some of the leaders of these groups are given herewith:

Prof. Frank Bradley, Prof. R. F. Bradley, Messrs. A. H. Williams, Alan Johnstone, Jr., H. G. Goggans and W. P. Mills. As the work requires, other groups will be formed, and other leaders added from time to time. The last part of the present work will be given over to the Mission Study Campaign.

The course which attracted so much attention last year—the course on Negro Life in the South—under Dr. Gordon B. Moore, will be under the leadership of Prof. L. P. Chamberlayne during this session. As soon as the enrollment is completed this group will organize, and the course will be completed by the Christmas holidays. Some 400 men throughout the South last year were studying Dr. Weatherford's book, and the interest aroused by it has certainly started a new era in thousands of our Southern colleges. Every man who has not taken this course should certainly do so this session, for it will be without doubt one of the most interesting and one of the most profitable things to which a man can give his attention during the college year. Professor Chamberlayne is keenly interested in the negro question, and has read widely upon it, and is in every way fitted to direct profitably the thought of those who study under his guidance. For those who took the course in Negro Life last year, a course is offered in Strong's "Challenge of the City." The name of the leader of this course will be announced later.

If for any reason any student has not been approached to join one of the Bible Study groups, or the Mission Study group, it will be appreciated if he will hand in his name either to Mr. A. H. Williams, Mr. Alan Johnstone, Jr., or Mr. W. P. Mills.

VARSITY AND SCRUBS PLAY REGULAR GAME.

Underlings Show Some Strong Resistance to the Varsity Crew. Big Boys Won 8—0.

The scheduled game with the Georgia "Meats" having been canceled for some unaccountable reason, the Varsity met the "Scrubs" on Saturday afternoon in a regular game.

After six minutes of see-saving up and down the field, Captain Whitner gained a clean field on receiving a punt and scored the first and only touchdown of the game. In the second quarter he kicked a goal from the twenty-yard line. The final score was 8 to 0.

The "Scrubs" proved themselves worthy opponents, holding the Varsity several times for downs.

INFIRMARY RATHER FULL THIS WEEK.

The past week has been a very eventful one at the infirmary, according to Mrs. Madden, the matron. The usual cases of grippe, colds, headaches and general debility arising from change of water, air, food, etc., by the boys off from home for the first time, coupled with the vaccination of the whole student body, has kept the infirmary corps busy.

No bad cases, except that of Sayer, a freshman who was rather badly cut when he fell against a glass partition in the gymnasium yesterday afternoon. However, it has been reported. Besides him, there were six boys, namely: McMurray, Perdins, Levis, Dean, Manning and B. B. Williams, in the ward Wednesday morning. Their cases were not very bad and most of them expected to be out by Friday morning at the latest.

The progress which is being made in the vaccination of the students is gratifying. Mrs. Madden states that they intend, with the assistance of Marshal Dykes, to finish the job by the middle of next week at the latest.

COLUMBIA COLLEGE FRESH RECEPTION.

News has reached the campus that will not only gladden the hearts of the freshmen but of the old men as well—the Columbia College girls will give their return reception to the freshmen Monday evening. The College for women faculty have not definitely decided when they will give theirs, but say that it will be some time within the next two weeks.

By common consent nothing brings the colleges in the city closer together or establishes more friendly relations than do these receptions. The one given here Monday evening was one of the most pleasant affairs imaginable and seemed to be equally appreciated by both boys and girls.

H. G. GOGGANS IS ADVERTISING MGR.

Seniors to Pay Two Dollars for Picture in Annual—To Pay Off Debt.

Owing to the resignation of W. H. Scott as advertising manager of the Annual, the student body was called upon Monday morning to elect his successor. To this office H. G. Goggans was chosen. Also, owing to the Annual the student body placed itself on record as favoring the plan of asking the Seniors to pay $2.00 each for the privilege of putting their pictures in the Garnet and Black, the amount realized to be applied to the payment of the back indebtedness.

Two amendments to the constitution of the Garnet and Black were proposed—one adding an extra senior editor, the other providing for election of successors to editors resigned.

DR. BURTS' RECEPTION TO BAPTIST STUDENTS.

For the last few years since its inauguration the reception given by the pastor of the First Baptist church of Columbia to the Baptist students of the university has been counted a pleasure and a privilege to those that attend. The reception Thursday, September 28, at the home of Dr. C. E. Burt was in no sense an exception to the rule, and if anything was rather a heightening of it.

It seemed as though most of the student body were of the Baptist faith. There may be room to suppose that in view of the reception and the charity characteristic of the occasion there were present a number of Baptist extraction. But no one inquired after dark horses. It looked like a coloal party in the olden time—the mansion in the style of a hundred years ago, the ladies in filmy stuff on the portico, the men moving about as shadows to bring out the light of the ladies.

It has been remarked that the fruit punch was some of the finest on record, and the other refreshments were close in for second place. It is everywhere noticeable that the students of Columbia feel a real gratitude toward the big pastor for his interest in this and in so many other ways.

LAW SCHOOL NOTES.

The Law department of the University of South Carolina commenced work on Wednesday. September 19th, the prospects for a successful year being the brightest in the history of the school.

There are about sixty-five students enrolled. The fact that the members of this department are larger each year is the very highest proof of the efficiency of the work done and a lasting tribute to the able men composing the faculty.

THE GAMECOOK.

LOST--A NIGHT WATCHMAN

Mysterious Disappearance of Guardian of the Peace.

CONFORMATION AT HIS ACTIONS

Drove Off Unceremoniously in Car While Students Gaped Unprotected at Fountain.

The campus was not guarded Tuesday night after 11:30 o'clock—no night watchman made his regular rounds after that hour. Despite this fact, no harm befell the weary students—the sleep of the righteous was theirs.

But what of the watchman? Why was he not at his post of duty? Some students, quenching their thirst at the fountain about the above hour, report that an automobile drove up in front of the marshal's office and one of its male occupants alighted and approached the group. The watchman, ever alert and cautious, advanced to learn the meaning of this midnight visit.

A short conference resulted between the visiter and the guardian of the university's peace. The thirsty students were thus surprised to see this capable public servant enter the machine after some persuasion and ride away in the shadows of the night. The grey light of morning found him still unreturned and as yet he has not put in his appearance.

Where did he go? Where is he? When will he return? These questions are on every tongue. Mystery has enshrouded the case.

THE CIVIC LEAGUE TO BEGIN WORK.

The Civic League, which was organized at the last of the session past, will meet shortly for the initial meeting of the present session, when plans will be brought up to have the League actively at work. Under the presidency of Alan Johnstone, Jr., the League will take up varying forms of work looking to the filling of the numbers for useful citizenship in college and out of it, and also for the purpose of making the influence of the University felt for good in the State and in the Southern Civic League.

If the spirit of the organization when inaugurated be continued as it doubtless will, there will be nothing but sound thinking and interest in real things and problems. The officers of the Civic League now in force are: Alan Johnstone, Jr., president; F. Wm. Cappelmann, vice-president; A. H. Williams, secretary; J. B. Mitchell, treasurer.
