Prof. Morse wants to know if the co-eds are "cuttin' too."

Miss O. A. Thain has been awarded one of the new Peabody scholarships.

Miss Elizabeth Ayer and Miss Henrietta Covington have gone home for Thanksgiving.

The co-eds are glad to be of this much use to the University, i.e., to be a whetstone to sharpen the wits of the "would be pansies" of the Gamecock.

Harrah for the Varsity Basketball Team! Dr. Blackburn intends to organize the co-eds at the next meeting. He says that "they 'd fair to be a maximum one."

**Thanksgiving Day.**

As is the custom, the University suspended exercises and the students were allowed to enjoy a holiday Thanksgiving day. Everyone seemed to have been in a joyful and thankful mood, but they were probably more on account of its being a holiday than because of its being a day of Thanksgiving.

At noon almost every one was in his seat at the league park prepared to witness the annual football game between the Citadel and Carolina.

On the whole, Thanksgiving was passed off very pleasantly by all the students. The day's rest from college duties tended to cause everyone to feel fresh for the duties of the ensuing day. We neglected to say that the few who were not present at the gridiron bout were chiefly engaged in hunting—some, birds, others, "teens."

Fresh O'Neal "What does Dr. Joyner teach?"
Fresh Metcalf—"He's professor of Emeritus."

It is rumored on the campus that Elkins and "Evergreen" Metcalf are frequent visitors at the co-ed home.

Hanna—"You know, I'm taking boxing lessons now."
Sweet Thing—"Oh, how lovely, I shall expect a big box from you Christmas."

It is said that the co-eds have asked Demo Jones to become their physical director. We wonder why.

---

**Basketball Schedule.**

Manager Hill of the basketball team is endeavoring to compile his schedule for the fall season. No contracts have been drawn up yet, but many games are pending.

The first game of the season will be played here with Wofford December 11. Dates for games with all the other state colleges will be announced later. The Wake Forest team will appear here some time in February.

The first trip of the season will probably be through Georgia. Wofford will be played first in Spartanburg. Then the team will go to the University of Georgia for one game. From there they will go to Athens where the three games will be played, Georgia Tech, Georgia Military Academy, and the Main Street School. Mercer and Riverdale may also be played on this trip. A second trip will likely be to Charleston, where the Citadel and one other team will be played. Manager Hill says this schedule may be entirely changed. However he hopes it can be arranged.

This Georgia trip will be much better than the ones in former years, for Carolina will play teams about equal to its strength. Much interest is being taken in basketball this year. Four members of last year's squad are back, namely, Brooker, Stoneman, Dummer and Farrell. However, five players are left open, for the trip squad usually consists of nine men. Manager Hill is not able to be out for practice at present, but he will be out in a few days.

An assistant manager for the team is to be selected at the next meeting of the athletic advisory board. The names sent up by the student body were Farrell, Weeks, Stevens, Waters and Geer.

**Professor Taber.**

Professor Stephen Taber has been distributing reprint of his article in the September Bulletin of the Seismological Society of America on "Seismic Activity in the Atlantic Coastal Plain, near Charleston, South Carolina."

This is an account of the earthquake of 1886 as felt in Charleston and the vicinity.

Professor Taber is a frequent contributor to geological publications.

**Infirmary News.**

Dabbs, Mann, and Geer were the infirmary inmates for the week. The recent cold spell brought a gripe down on Dabbs and Mann. Geer has a bruised side, result of the Navy game.
