CHILD SPECIALIST TO LECTURE HERE

Extension Department Offers Course to Mothers

Dr. William Weston, a leading child specialist of Columbia, has been engaged by the University to deliver a series of lectures to the mothers of Columbia beginning today and continuing until the close of the present session. Lectures will be delivered every Wednesday at 5 p.m. in room 302 Le Conte College. The series of addresses will cover the problems of caring for children, and should prove of unusual interest to Columbia mothers.

There will be no tuition charge for the course, the University offering the public the benefit of the series as part of its extension work. The decision to add such a course to the regular curriculum was reached mainly as the result of the "baby work" campaign.

The extension department of the University formally organized in 1913 has come to be one of the most important factors in the progress of the State. Its object has been to extend the many benefits of the University to those who would otherwise be unable to obtain them.

CATALOGUE READY FOR DISTRIBUTION

The 1916-1917 catalogue has been printed and will be ready for distribution in the next few days. In many respects it is the best catalogue the University has issued.

Among the new features, the most prominent is the rearrangement of the description of the campus. It is written in the form of a tour, each building being described as a visitor would see them starting at Fisk Hall. Altho the military science department has only been recently organized, the catalogue contains a short description of its organization and plans.

Prof. Oscar L. Keith is chairman of the catalogue commission and is to be commended for his excellent work.

CERCLE FRANCAIS TO HEAR PROF. SNOWDEN

Possibility of General Joffre's Presence at Meeting

The historically inclined among the members of the Cercle Francais have a treat in store for the lecture to be delivered at the meeting Monday by Prof. Yates Snowden of the University faculty. The title of Prof. Snowden's address will be "A Tale of Two Cities." It will deal with the history of the French in South Carolina. Prof. Snowden has a subject dear to his heart and of interest to every lover of France and of South Carolina.

Prof. Keith, president of the Cercle, has telegraphed General Joffre and his party requesting their presence here and expects to have them at the meeting.

The meeting will be held in Fisk Hall and will begin promptly at 8:30. In case Gen. Joffre is unable to attend, the meeting will probably be held in the Columbia theatre. A delightful musical program has been prepared by the secretary, Milly Roman.

LOAF AT "GITTMAN'S BOOK SHOP"

Any Book You Want Furnished on Short Notice

THE STATE BOOK STORE IS NEAREST TO YOU

Carolina men are invited to drop in here for Pencils, Ink, Rulers, Examination Pads, or anything in stationery. We carry a stock of Fountain Pens and feature the two best lines made.

University of South Carolina

Founded by the State in 1801 in the Capital City

The University is organized with the following divisions:

I. School of Arts and Science, with various courses of study in Languages, History, Science, etc., leading to the degree of A. B. and B. S. General Scholarships worth from $100 to $150 each.

II. School of Education, which seeks to prepare persons to serve the State as teachers, principals, and superintendents of schools. In this course the A. B. is the degree conferred.

III. Graduate School, with advanced courses leading to the degree of Master of Arts.

IV. School of Civil Engineering, leading to C. E.

V. School of Law, with course leading to the degree of L. L. B. The presence of the various courts and the use of the State Law Library afford exceptional facilities.

College fees for the year, $18, including medical attention. For women college fees are only $12. For those paying tuition, $40 additional. Room, with light and service, $18 a year.

Loan funds available.
