Guilford College (X. C.) has an International Relations club to discuss topics of international moment. Special attention will be given the coming disarmament conference, groups being formed from the four literary societies.

Six groups, representing respectively the United States, England, France, Italy, Japan and China, will be organized, each drawing up and studying issues of the nation it represents.

Marshal Ferdinand Foch will receive the degree of doctor of laws from the Western Reserve University, Cleveland, on November 8th.

Members of the aviation unit at Georgia Tech are to organize a club to promote interest in other things aeronautic. Among other purposes, the aero club will work for a government landing field in Atlanta.

Parent’s enrollment for the present session is to date 191. This number represents practically twice the enrollment of the 1918-19 session, when it was 295.

Upper classmen will find food for thought in the following:

"Why don’t all the freshmen wear their little blue caps?"

"There are a good many caps to be seen on the campus and also there are a good many freshmen to be seen without caps. The writer knows several freshmen who have caps but refuse to wear them. Moral persuasion doesn’t seem to have any effect on them. An old institution like this can’t be expected to be observed and kept up in the school for it shows school spirit."

"Better a return to the custom of using a horizontal bar and little short wooden paddles than to let about half the freshmen go without wearing the caps."—Washburn Review. (Kan.)

A word to the wise—Princeton University students took an active part in the New York City mayoralty campaign just closed. Under the auspices of the Princeton Speakers Association four speakers were sent to New York City each day to speak for coalition candidates.

A Physics fraternity has been organized at Davidson College for students and faculty members interested in that science. A grade of 88 for one year is required before a student is eligible for membership.

MUTE KOURT.

Another Cabal.

Thursday the third was another banner night in the history of the Most Court. The greatest crowd ever witnessed at these meetings turned out to hear the rival of the mighty Marlowe, J. Horovitz. Nor for many a day has the law association been able to have the opportunity of hearing such a brilliant speaker as the F. Horovitz. He is destined to be one of the best lawyers ever turned loose from the University. His colleague Mr. Horeham deserves honorable mention. His presentation of the case for trial was little short of marvelous. The opposing side was taken care of by Messrs. Cantwell and Hook. Mr. Cantwell in his usual steady way, prepared his case thoroughly and executed a well-balanced argument. Mr. Hooks helped materially in the execution. The Chief Justices, Messrs. Atkins, Quinn, and Townsend surprised everybody by giving the decision to the plaintiff represented by Cantwell and Hooks.

One week from this coming Thursday the Law Association will hold its annual reception. A snappy interesting case is the4e foregone conclusion. Mr. Westmoreland F. O. B. second only to Mr. Horovitz as a Mexican athlete will be one of the attorneys. Mr. George Taylor has also promised to add his two cents. Mr. Jerkovich the grand old man of the class will do something or other. Nobody quite knows what sort of questions he is liable to spring on the witnesses. It is matter of deep legal thought. One thing is sure that there will be more than one Hoe—Haw.

GREAT RACE IN B. D. G.’s.

In spite of the fact that the variation was in Tampa and the freshman team in Greenwood, the attendance at the B. D. G.’s last Friday was the best to be recorded this year and the class seems to be getting into the stride of last year again. There were 171 present this week which was 29 more than the last class. Some great races are going on between various classes and there have been quite a number of changes in the various positions of the various teams. Tense meet II put on a great sport this week and forged ahead but she is only a few points ahead and next week may bring about a change again.

The standings of the classes are as follows:

Ten, 22, 181: Ten 6, 176: Harpers, 173: Ten 2, 141: Ten 7, 139: Elliott, 121; East Des, 81; West Des, 118; Ten 5, 115; Ten 24, 103: R. 1st, 80; Ten 1, 76: E. Woodrow, 64; Ten 25, 61.

The lesson for this Friday will be “What is Salvation?” The references are as follows: Eph. 2: 4-10; John 3, 13-21; 2 Cor 7: 10-13; Matt 19: 22.

Apportionment Student Activity Fee
Earnet and Black $4.00
Athletic $6.00
Chamewen $1.55
Carolin $1.20
Debating Council $1.00
