CHAPTER OF AMERICAN ASSOCIATION OF UNIVERSITY WOMEN ORGANIZED IN COLUMBIA.

Friends of the University Alumnae will be glad to learn that a chapter of the American Association of University Women has been organized in Columbia around the interestings and keen enthusiasm of Mrs. C. J. Thompson, now a graduate student at the University.

It is interesting to note some of the general features of this national organization of some of the alumnae of which apply directly to our own alumnae. At the convention in Washington in the special provisions of the Association of Collegiate Alumnae and the Southern Association of College Women united to form the American Association of University Women. There are only two colleges in the entire South whose alumni are eligible for membership without probation—these are Agnes Scott, Decatur, Georgia, and Meredith, Baltimore, Md. The graduates of only two colleges in South Carolina are eligible—and these on probation—are Converse and the University. Proclamation means that the graduates of those colleges named as eligible on certain conditions during a period of five years, beginning with the close of 1921, are accepted for national membership in the Association, the understanding being that if, at the end of the five-year period, these institutions had not fulfilled the requirements of the Committee on Recognition, their graduates would no longer be accepted for national membership. Some of these requirements apply directly to Carolina and of course we hope for attainment of permanent membership. The object of the organization is the hearty cooperation of our entire alumnae working through the Board of Trustees and the State Legislature.

Read these: (1) No educational institution shall be considered in which there is not special provisions for the halls of residence or other buildings, for the social life of the women students; (2) In the consideration of a constitutional institution, great weight shall be given to the fact that such institution has a dean or adviser of women above the rank of instructor, who is a resident a member of the faculty; (3) The institution must give a reasonable opportunity for any woman who wishes to be a student. The Board of Trustees at the Board of Directors and the following officers were elected: (Continued from page 1)

SANDBURG LECTURES IN TOWN THEATRE.

Carl Sandburg, a leader in the New School of poetry that has its origin in Chicago, spoke to a good sized audience of poetry lovers in the Town Theatre Wednesday. Mr. Sandburg's address was divided into three parts. The first, a discussion of the question 'Is there a New poetry?' The second consisted of readings from his work. Among the poems he read, 'The Windy City' the longest poem that he has ever written. Besides this long poem he read 'In the Cool Tombs' and others.

Sandburg's poems mean more when he is reading than when the reader has to interpret them for himself. Under his forceful delivery, even the most unimpressive reader must have had some thrill and impression of the scenes that the poet was attempting to portray. The last portion of the program was a collection of songs American folk-like songs, songs of the cow boy and of the negro. To the accompaniment of a banjo he sang these songs. Part of the program was much too short. The song that perhaps caused the most laughter and enjoyment was the 'Holl Weel.'

It is indeed a privilege to be able to hear the men who are leading the thought of today.
