The literary societies of the Easter High School were organized recently and efforts are being made. Several very interesting programs have been carried out and each meeting is looked forward to with much interest by the students. The societies have been named "The Rainbow Martin Literary Society" and "The Carolina Literary Society." Each society is in charge of two of the faculty members, who act as advisors and critics. The literary societies have developed into one of the most important features of the high school work and great interest is being taken in them by both teachers and students.

After completing a successful football season, all athletic activities of the students have turned to the basketball activities which has begun on the new indoor court. The boys have teams in the direction of Coaches H. S. Bryan and J. D. Jones, while Miss Ethel Martin directs the girls.
