NEW MEMBERS CHANGE ROSTER OF PROFESSORS

Prof. Bradley Returns With Ph.D. Degree From University of Chicago

WILL BE ACTING DEAN

Dr. Corrington Resigns and Is Succeeded by F. W. Smith—Vestal Also in Biology Department

Several changes have been made in the faculty of the University of South Carolina for this year and that body has been strengthened by the addition of some new professors.

Pending the election of a new president, Professor F. W. Bradley, who has been on leave of absence for one year, will be acting dean. Professor Bradley will be head of the department of German. He received his Ph. D. degree at the University of Chicago recently.

Dr. J. E. Copenhaver, a graduate of Johns Hopkins, will assist Drs. Lipcomb, W. B. Burney, and W. A. Whitehill in the department of chemistry.

In the biology department, Fred W. Smith is filling the position made vacant by the resignation of Dr. J. D. Corrington. Mr. Smith has taken post-graduate work at the University of Chicago and was made vice-president and head of the department of biology at the State Teachers' college at Aberdeen, S. D. He then left there to accept the presidency of the State School of Botinelle, N. D., but returned after five years. He will be professor of zoology here.

Professor Edgar F. Vestal will teach in the department of biology. He is a graduate of the University of Wisconsin and will teach botany and bacteriology.

Professor Havilah Babcock, former professor of English and journalism at William and Mary University in Virginia, has been added to the English department. He will also assist in the school of journalism.

Mr. Clyde M. Ferrell will be an associate in the history department and Robert L. Summott, of the Massachusetts Institute of Technology, will be an associate in the school of engineering.

The department of Romance languages will be increased by the addition of Frank A. Studdif, former associate professor of modern languages at Villanova and Mary A. L. Campbell will teach business administration.

Rev. Hugh R. Murchinson, D. D., of Columbus, will be the new chaplain to succeed Dr. L. L. Carpenter, who has gone to Puruant. Dr. Murchinson has been with the Columbus Theological Seminary.

Among the new instructors at the University are J. V. McCall, of the University of North Carolina, in Romance languages; M. K. Walsh, in charge of the zoology laboratory; A. L. Campbell, former principal of Jefferson high school, in the school of commerce, and Charles C. Fishburne in rural social science.

North Carolina Graduates Make Good at Law

J. C. Fort and S. C. Jeffreys, young Gaffney attorneys, have formed a partnership in this city under the firm name of Fort and Jeffreys. Both are graduates of the law department of the University of South Carolina.

Since his graduation a number of years ago, Mr. Jeffreys, who is a son of the late J. C. and Mrs. Linnie Jeffreys of Gaffney, has been employed as a claims attorney by the United States Casualty company of New York, being assigned to various offices in different sections of the country. For the past two years he has been stationed at San Francisco.

Mr. Fort has had several years' experience as an attorney and during the World war he served as an attache at the American embassies in Paris and Bucharest. He is a son of the late Dr. W. A. Fort and Mrs. Sally C. Fort of Gaffney.

Department of Art Has New Instructor

Miss White of Sumter to Assist in This Rapidly Growing Department

The Art Department of the University, one of the youngest, is adding another member to the instructor staff. Miss Margaret White of Sumter, S. C. is coming to assist Miss Heyward with the painting classes. Miss Heyward will keep most of the design classes under her supervision.

Miss White was formerly a student of College for Women, Columbia, S. C., Columbia University, Pennsylvania Academy of Fine Arts, and is now a member of the Tiffany Foundation. Miss White took charge of the Art Department in the University Summer School last summer, while Miss Heyward made a tour to Europe.

The Art Department overflowed the tiny attic in Flinn Hall long before last term was out, and many students were turned away.

According to the number already registered for the courses in art this year, those who register late will have to be left out, unless more classroom space is provided.

Miss Heyward is adding a course in History of Art this year, and also a more advanced course in design.

—THE GAMECOCK

THE ORIGIN

Who said civilization is advancing? Do you know that we are going backwards thousands of years? Do you know that when the mother went before Solomon to claim her child she was thousands of years ahead of any one then living? For is it not a fact that she said, "Yes, sir, that's my baby!"

REAL SPIED BOYS

Two colored boys were making their getaway after helping themselves from a farmer's henroost. "These niggers isn't been there long," growled Mose.

"Keep on gallighty, niggers," grunted his companion. "'dem ain't flew deep's a buckshot."
