for the smart collegiate

by helena rubenstein

If you want make-up that is the last word in French chic—the first word in creating glamour and end-

week dates, do use:

Helena Rubinstein’s Lipstick with the marvelous new, secret lip color that provides a natural glow. A fresh, dewy, young skin on until you take it off. 1.0, 1.25 to 2.00. In the new “Evening” and glorious shades to match Helena Rubinstein’s

You can use them alone; they are the last word in French chic, and with Helena Rubinstein’s lip color they go on smoothly—-and they smear not. Benefit while they last, Red Poppy, Red Germa-
nium, Red Raspberry, Red Coral, and “Evening”. 1.00

The formula is made on the basis of fine, fresh, young skin, of course, fresh, dewy, young skin, with no

believing qualities. Gives French-fresh glow to the complexion. 1.00. Perfects any lipstick worn. Does not run nor smear. 1.00. A touch of alicante of

Blue or greenish. Eyelashes—-to give life to those thin, gloom.
