By RALPH GERHARDY

The Carovets required their pitch on top of the volleyball heap by again winning the intramural campus volleyball championship on Nov. 27. They beat the fraternity-regular champions, Sigma Chi, in grueling matches by scores of 15-14 and 15-13. By winning they took their second campus championship in three years. They also retained the coveted Bobby Brandon Trophy, which they held last year.

Carovets Coach Ronnie McDaniel, a former UNC center, was very pleased with the way his team played.

The 14-point difference between the two teams was no small achievement, as both were unbeaten this season.

The matches were played before a capacity crowd, which included many members of the Sigma Chi fraternity.

The Carovets have stated that they will continue to play against other fraternities in future games.
