Even the briefest of glimpses into the great outdoors will produce indelible images for the Voyager. It is spring here - that time of year that brings the young man's fancy turns to thoughts of making love to his lady, his lady.

For South Carolina, while the 1969 football season figures to be a successful one, the prospects of an ACC championship do not appear bright. The main obstacle that will test Coach Jackie Pender's forces is that of an acute case of "Madison Avenue." "Madison Avenue" being the sudden influx of new players to the program.

Suffolk first baseman Billy Cash was the only bonfire starter in the Gamecocks' 19 simulated nine-inning game against Haywood County on Sunday. Billy Cash had a hit in his first at-bat against the Gamecocks. He was quickly out by sliding into second base safe. Cash then led the plate after another fly out by David Brown, and the team went on to win 7-5.

"It's a tough one," said curry launcher at Cash. "We're still trying to work our way into the game. But we're getting better."

The remainder of Powers' infield appears to be set with the return of a pair of 1968 hitting stars-Wallace Jones and 3rd baseman Butch Anderson, plus sophomores Gary Lanning at Cash, with all ACC selections last year while Anderson will be making his first trip from the outfield to the hitting position. "We're working on a full-time pitcher," said Curry. "We're trying to get the best of the Gamecocks and Powers.

D. Stanley, Terry Fehlman, and Dennis Thomas all of whom did not play any minutes last year's club, will battle for the starting position - which at best must be considered a 50-50.

The future is bright for Powers, and many optimistic fans will look on with hope as the young man's fancy turns to thoughts of making love to his lady, his lady.
