SEVE BALLESTEROS left no room for drama in the 67th Masters golf tournament. The winner was his, and his victory—his first—he took with a birdie-eagle-par-birdie magic on the first four holes of the final round

The victory was worth $90,000 for Ballesteros, and it was his third major championship. He also won the Masters in 1979 and now owns 21 titles in his globe-trotting career—more than all of them overseas.

“This is my favorite course,” he said.
